

Thank you for informing us of the consultation on your proposed professional capabilities for osteopathic practice.

We have reviewed the document, and considered this within the context of our own Osteopathic Practice Standards: (<https://www.osteopathy.org.uk/standards/osteopathic-practice/>) and our Guidance for Pre-registration osteopathic education: (<https://www.osteopathy.org.uk/training-and-registration/becoming-an-osteopath/guidance-osteopathic-pre-registration-education/>).

Whilst there are some minor differences of detail, we could not see anything that was fundamentally different from our own requirements, and there were no obvious omissions that we could see. It looks, therefore, fit for purpose.

Otherwise, we have no detailed suggestions or comments to make.

I hope this helps.

With best wishes.
